

TEHA6000/1, variations

All variations are based on the oil or gas heated basic type

The basic types are equipped as follows:

- Construction** : All construction units are edged stainless steel profiles.
- High pressure pump** : Speck NP16/15, 15 l/min, 200 bar, direct flange with 5 kW- motor.
- Combustion chamber** : BR1000 or BR1000G respectively
- Specialties:** : Pressure switch, extensive safety devices,
8 Litre water tank, conventional control with proven units from well-known manufacturers.

The following elements are not supplied in the basic type but are available as options:

mounting units (telescope console or stand) cover, additional equipment (tube, pistol, lance, nozzle etc.)

Item	Type / Description	Product- Code
1	Basic versions	
1.1	TEHA6000/1, oil heated	V10480003-1
1.2	TEHA6000/1G, gas heated	V10480001-1
2	Mounting asseccories	
2.1	Stand (pair)	B10470008
2.2	Telescope console (pair)	B10470005
2.3	Stainless steel complete cover	B10480001
2.4	Air intake	B10480002
3	Control asseccories	
3.1	Remote control box with 2 switches, COLD/WARM, CHEMICALS: ON/OFF and interference button:burner interference suppressor	V10430021
4	Additional and supplementary equipment	
4.1	Heating coils made from stainless steel 1.4301	B1040014501
4.2	Inner- and outer casing of the combustion chamber made from stainless steel 1.4301	M10470001
4.3	Suction of chemicals by vacuum pump, with 40 l- container and manual metering valve.	V10480004
4.4	Suction of chemicals as in 4.3, but with electromagnetic control valve	V1048000401
4.5	High pressure pistol, Starlett II, 250 bar, 95°C (203°F)	E10700116-1
4.6	High pressure pistol, ST-2300, 310 bar, 150°C (302°F)	E10700116
4.7	Lance with insulating handle, straight, galvanized steel, 1000 mm long	E10700117
4.8	Lance with insulating handle, straight, stainless steel, 1000 mm long	E10400698
4.9	Nozzle protection with nozzle support, Ms., ¼" IG both sides	E10700118
4.10	Fan nozzle 25/20, ¼" AG, stainless steel	E10400591
5	Bio diesel equipment	
	For new machines	B10400326-1
	Conversion kit for machines already in use	B10400326

High pressure tube, pressure moulded, any length upon request.
